Tygard Implementation Results and Projections

Talking Points for Leadership Presentation

Slide 1: Weekly Results Overview (week 1)

- Percentage of cases on Tygard =
- Percentage of cases Manual (Builder) =
- Average cases per hour Tygard =
- Average cases per hour Manual =
- Actual CPC Tygard =
- Actual CPC = Manual =
- Savings (based on average cases per hour for manual build) =

Slide 2: Weekly Results Overview (week 2)

- Percentage of cases on Tygard =
- Percentage of cases Manual (Builder) =
- Average cases per hour Tygard =
- Average cases per hour Manual =
- Actual CPC Tygard =
- Actual CPC = Manual =
- Savings (based on average cases per hour for manual build) =

Slide 3: Weekly Results Overview (week 3)

- Percentage of cases on Tygard =

- Average cases per hour Manual =
- Actual CPC Tygard =
- Actual CPC = Manual =

- Savings (based on average cases per hour for manual build) =

Slide 5: ROI

- At the savings rate based on Week 4 results - Return on investment (\$240k) will be achieved in approximately _____ months based on labor savings alone.

Slide 6: Safety

- Building pallets on Tygard reduces the amount of physical lifting and stacking by our employees, for week four, this represents _____ lbs that were stacked by machine versus manually stacking, reducing the exposure to back or muscle strain injuries. This is calculated as 65% of the cases weighing 25lbs and 35% of the cases weighing 50lbs.
