Dental Benefit Policy

Anthem Dental Family

RIGHT TO CANCEL: You have 10 days from the date of delivery to examine this *policy*. If you are not satisfied, for any reason, with the terms of this *policy*, you may return it to us within those 10 days. Return to Anthem Blue Cross and Blue Shield, P.O. Box 1115, Minneapolis, MN 55440-1115 by midnight on the tenth day. We will then issue a full refund of any *premiums* and fees paid, less any payments made for benefits on behalf of you or your *dependents*.

NOTICE: This *policy* does not provide Coordination of Benefits.

WARNING: IF YOU OR YOUR FAMILY MEMBERS ARE COVERED BY MORE THAN ONE HEALTH CARE PLAN, YOU MAY NOT BE ABLE TO COLLECT BENEFITS FROM BOTH PLANS. EACH PLAN MAY REQUIRE YOU TO FOLLOW ITS RULES OR USE SPECIFIC DOCTORS AND HOSPITALS, AND IT MAY BE IMPOSSIBLE TO COMPLY WITH BOTH PLANS AT THE SAME TIME. BEFORE YOU ENROLL IN THIS PLAN, READ ALL OF THE RULES VERY CAREFULLY AND COMPARE THEM WITH THE RULES OF ANY OTHER PLAN THAT COVERS YOU OR YOUR FAMILY.

Important: If you opt to receive dental care services that are not covered benefits under this plan, a participating dental care provider may charge you his or her normal fee for such services. Prior to providing you with dental care services that are not covered benefits, the dental care provider will provide you with an estimated cost for each service.

ELIGIBILITY

This section will tell you who is eligible for coverage under this *policy* and how to add or remove *dependents* from your *policy*. It will also give you information about how your coverage ends under this *policy*.

Who is Eligible

Policyholder

To be a *policyholder*, the applicant must meet the following requirements:

- a. Be determined by the Exchange to be a *qualified individual* for enrollment in a *Qualified Health Plan (QHP)*.
- b. Be a United States citizen or national; or
- c. Be a lawfully present non-citizen for the entire period for which coverage is sought; and
- d. Be an Ohio resident;
- e. Submit proof satisfactory to Anthem to confirm *dependent* eligibility;
- f. Agree to pay for the cost of *premium* that Anthem requires;
- g. Reveal any coordination of benefits arrangements or other dental benefit arrangements for the applicant or *dependents* as they become effective;
- h. Not be incarcerated (except pending disposition of charges);
- i. Not be covered by any other group or individual dental plan.

For a *qualified individual* age 19 and over, the applicant must:

- Not be living in an institution;
- Be capable of indicating intent;
- Not be receiving optional State Supplementary Payments (SSP); and
- Reside in the service area of the Exchange.

For a *qualified individual* under age 19, the applicant must:

- Not be living in an institution;
- Not be eligible for Medicaid based on the receipt of federal payments for foster care and adoption assistance under Social Security;
- Not be emancipated;
- Not be receiving optional State Supplementary Payments (SSP); and
- Reside in the service area of the Exchange.

For purposes of Eligibility, a *qualified individual's* service area is the area in which the *qualified individual*:

1. Resides, intends to reside (including without a fixed address); or
2. Has entered without a job commitment

For *qualified individuals* under age 19, the service area is that of the parent or caretaker with whom the *qualified individual* resides.

For tax households with *covered persons* in multiple Exchange service areas:

1. If all of the *covered persons* of a tax household are not living within the same Exchange service area, any *covered person* of the tax household may enroll in a *Qualified Health Plan* through any of the Exchanges for which one of the tax filers meets the residency requirements.
2. If both spouses in a tax household enroll in a *Qualified Health Plan* through the same Exchange, a tax *dependent* may only enroll in a *Qualified Health Plan* through that Exchange, or through the Exchange that services the area in which the *dependent* meets a residency standard.

Dependents

To be eligible for coverage to enroll as a *dependent*, you must be listed on the enrollment form completed by the *policyholder*, and meet all *dependent* eligibility criteria. The following *dependents* of a *policyholder* may be enrolled under this *policy*:

1. Spouse, meaning:
 - a. Married
 - b. Legally separated
 - c. Qualified domestic partner, if all of the following criteria are met:
 - i. are not related by blood closer than permitted under applicable state marriage laws;
 - ii. are not married and do not have any other domestic partners;
 - iii. are at least 18 years of age and have the capacity to enter in a contract;
 - iv. share a residence.

All references to spouses in this *policy* will include domestic partners.
2. *Dependent* children up to the age of 26, including:
 - a. You and your spouse's natural-born and legally adopted children.
 - b. Children for whom you or your spouse are the legal guardian.
 - c. Stepchildren.
 - d. Grandchildren who are financially dependent on you and reside with you or your spouse continuously from birth.
3. Disabled children who have reached age 26 if:
 - a. they are primarily dependent upon you or your spouse;
 - b. they are incapable of self sustaining employment by reason of developmental disability, mental illness or disorder, or physical disability; and
 - c. were disabled before they reached age 26.

You may be required to submit proof of continued eligibility for any enrolled child. Your failure to provide this information could result in termination of a child's coverage.

Newborn and Adopted Child Coverage

Newborn children of the *policyholder* or the *policyholder's* spouse will be covered for an initial period of 60 days from the date of birth. Coverage for newborns will continue beyond the 60 days, provided the *policyholder* submits through the Exchange a form to add the child under the *policyholder's* contract. The form must be submitted along with the additional *premium*, if applicable, within 60 days after the birth of the child.

A child will be considered adopted from the earlier of: (1) the moment of placement for adoption; or (2) the date of an entry of an order granting custody of the child to you. The child will continue to be considered adopted unless the child is removed from your home prior to issuance of a legal decree of adoption.

Qualified Medical Child Support Order

If you are required by a Qualified Medical Child Support Order or court order, as defined by applicable state or federal law, to enroll your child under this policy, and the child is otherwise eligible for the coverage, you must request permission from the Exchange for your child to enroll under this policy, and once approved by the Exchange, we will provide the benefits of this policy in accordance with the applicable requirements of such order.

A child's coverage under this provision will not extend beyond any *dependent* age limit. Any claims payable under this policy will be paid, at our discretion, to the child or the child's custodial parent or legal guardian, for any expenses paid by the child, custodial parent, or legal guardian. We will make information available to the child, custodial parent, or legal guardian on how to obtain benefits and submit claims to us directly.

Open Enrollment

As established by the rules of the Exchange, *qualified individuals* are only permitted to enroll in a *Qualified Health Plan (QHP)*, or as an enrollee to change *QHPs*, during the annual open enrollment period or a special enrollment period for which the *qualified individual* has experienced a qualifying event.

An annual open enrollment period is provided for *qualified individuals* and enrollees. *Qualified individuals* may enroll in a *QHP*, and enrollees may change *QHPs* at that time according to rules established by the Exchange.

American Indians are authorized to move from one *QHP* to another *QHP* once per month.

Changes Affecting Eligibility and Special Enrollment

A special enrollment period is a period during which a *qualified individual* or enrollee who experiences certain qualifying events or changes in eligibility may enroll in, or change enrollment in, a *QHP* through the Exchange, outside of the annual open enrollment period.

Length of special enrollment periods: Unless specifically stated otherwise, a *qualified individual* or enrollee has from 60 calendar days before, to 60 calendar days after the date of a triggering event to select a *QHP*.

The Exchange must allow *qualified individuals* and enrollees to enroll in or change from one *QHP* to another as a result of the following triggering events:

- A *qualified individual* or *dependent* loses his or her Minimum Essential Coverage. The term Minimum Essential Coverage means any of the following: Government sponsored programs; coverage under an eligible employer-sponsored plan; coverage under a health plan offered in the individual market within a state; coverage under a grandfathered health plan, and such other health benefits coverage, such as a state health benefits risk pool, or as the Secretary of HHS recognizes);

- A *qualified individual* gains a *dependent* or becomes a *dependent* through marriage, birth, adoption or placement for adoption;
- An individual, not previously a citizen national, or lawfully present gains such status;
- A *qualified individual's* enrollment or non-enrollment in a *QHP* is unintentional, inadvertent, or erroneous and is the result of an error of the Exchange or the Department of Health and Human Services (HHS), or its instrumentalities as determined by the Exchange. In such cases, the Exchange may take such action as may be necessary to correct or eliminate the effects of such error;
- An enrollee demonstrates to the Exchange that the *QHP* in which he or she is enrolled substantially violated a material provision of its contract in relation to the enrollee;
- An individual is determined newly eligible or newly ineligible for Advance Payments of the Premium Tax Credit or has a change in eligibility for Cost-Sharing reductions, regardless of whether such individual is already enrolled in a *QHP*;
- The Exchange must permit individuals whose existing coverage through an eligible employer sponsored plan will no longer be affordable or provide minimum value for his or her employer's upcoming Plan Year to access this special enrollment period prior to the end of his or her coverage through such eligible employer-sponsored plan;
- A *qualified individual* or enrollee gains access to new *QHPs* as a result of a permanent move; and
- A *qualified individual* or enrollee demonstrates to the Exchange, in accordance with HHS guidelines, that the individual meets other exceptional circumstances as the Exchange may provide.

Policy Effective Date

Typically, your *policy will* begin on the *effective date, starting at 12:01 A.M., Eastern Time*, which is the first day of the following benefit year for *qualified individual* who has made a *QHP* selection during the annual open enrollment period. Your actual *effective date* will be determined by the date you submit a complete application and pay any applicable *premiums* to the Exchange.

Effective dates for special enrollment period:

1. In the case of birth, adoption or placement for adoption, coverage is effective on the date of birth, adoption, or placement for adoption. Advance Payments of the Premium Tax Credit are not effective until the first day of the following month in which you provided notice, unless the birth, adoption, or placement for adoption occurs on the first day of the month; and
2. In the case of marriage, or in the case where a *qualified individual* loses his or her Minimum Essential Coverage, coverage is effective on the first day of the month following the event, as long as the application is received within 30 days of the event.

TERMINATION

When Your Coverage Ends

Your coverage and that of your *dependents* will end at 11:59 P.M., Eastern Time, on the earliest of the following dates:

1. The date determined by the Exchange as a result of you requesting termination with appropriate notice to the Exchange or the *QHP*;
2. The end of the month in which you are no longer eligible;
3. The end of the month in which your *dependent* is no longer a *dependent* as defined in this *policy*;
4. The last day of the month for which a *premium* has not been paid, subject to the grace period; or
5. The date the *policy* ends as determined by the Exchange. You will be notified by the *QHP* as required by law.

When a Child's Coverage Ends

Covered children will receive benefits for the *Essential Health Benefit* coverage in this *policy* until the end of the month in which they turn age 19. At the end of the month in which they turn 19, unless we are given notice to cancel, they will be covered under the Adult Dental Benefits in this *policy* to the end of the year in which they reach age 26, unless they are disabled. Please see the Who is Eligible section for more information.

Cancelling Your Policy

You may cancel this *policy* at any time by written notice delivered or mailed us; effective upon receipt or on such later date as may be specified in such notice. In the event of cancellation, we will return promptly the unearned portion of any *premium* paid. Cancellation shall be without prejudice to any claim originating prior to the effective date of cancellation. If you elect coverage and subsequently cancel your *policy*, you and your *dependents* will not be allowed to re-enroll in the *policy* for a period of 24 months from the date your *policy* was cancelled.

Once this *policy* is canceled, *policyholder* and *dependents* cannot reapply until the next open enrollment unless there is an event that qualifies for a special enrollment prior to the annual open enrollment period.

Renewability

This *policy* will continue as long as your *premiums* are paid, subject to the grace period and you continue to be a *qualified individual* as determined by the Exchange.

We reserve the right to terminate the *policy*, in whole or in part, at any *policy* renewal date by giving you written notice at least 31 days prior to the renewal date. Termination of the *policy* will result in loss of coverage for all *covered persons*. If the *policy* is terminated, the rights of the *covered persons* are limited to *covered services* incurred before termination. Termination is without prejudice to any claim originating while the *policy* was in force.

We will not increase the *premiums* or decrease the benefits provided in this *policy* before any renewal date, and not without 30 days prior written notice.

Reinstatement

If your *policy* is terminated because you do not pay your *premium* within the grace period you may have it reinstated. Your *policy* will be reinstated if we, or an agent authorized by us, accept your *premium* payment after we have terminated your *policy*. If we accept your *premium*, we will not require an application to reinstate your *policy*.

However, we may ask for a new application to accept your *premium* and reinstate your *policy*. If we ask for a new application we will only reinstate your *policy* after we approve your application. We will notify you if we do not approve of your application within 45 days. If we do not notify you within 45 days after we received your application, it will be deemed approved.

If your *policy* is reinstated, only dental care received after the reinstated date will be covered. Your rights will be the same and will not change due to the reinstatement. We will apply to reinstated *premium* to the period for which the *premium* was not paid. However, we will not apply *premium* to any period over 60 days prior to reinstatement.

DENTAL PROVIDERS AND CLAIMS PAYMENTS

You do not have to select a particular *dentist* to receive dental benefits. You have the freedom to choose the *dentist* you want for your dental care. However, your *dentist* choice can make a difference in the benefits you receive and the amount you pay. You may have additional out-of-pocket costs if your *dentist* is a *non-participating dentist*. There may be differences in the payment amount compared with a *participating dentist* if your *dentist* is a *non-participating dentist*.

We make payments only when the covered dental procedures have been completed. We may require additional information from you or your *dentist* before a claim can be considered complete and ready for processing. In order to properly process a claim, we may be required to add an administrative policy line to the claim. Duplicate claims previously processed will be denied.

This section describes how we determine the amount of reimbursement for *covered services*. Reimbursement for dental services rendered by *participating* and *non-participating dentists* is based on the *maximum allowed amount* for the type of service performed. There may be different levels of reimbursement for the *maximum allowed amount* depending upon whether you elect to receive services from a *participating* or a *non-participating dentist*.

The *maximum allowed amount* is the maximum amount of reimbursement we will pay for covered dental services provided by a *dentist* to a *covered person*. For *participating dentists*, the *maximum allowed amount* will be reimbursed according to the schedule of maximum allowable charges. For *non-participating dentists*, the *maximum allowed amount* will be reimbursed according to the table of allowances.

You will be required to pay a portion of the *maximum allowed amount* if you have not met your *deductible* and/or *coinsurance*. In addition, when you receive *covered services* from a *non-participating dentist*, you may be responsible for paying any difference between the *maximum allowed amount* and the *dentist's* actual charges. This amount may be significant.

When you receive dental care from a *dentist*, we will apply processing rules to the claim submitted for that dental care. These rules evaluate the claim information and, among other things, determine the accuracy and appropriateness of the dental procedure. Applying these rules may affect our determination of the *maximum allowed amount*. For example, your *dentist* may have submitted the claim using several procedure codes when there is a single procedure code that includes all or a combination of the procedures that were performed. When this occurs, our payment will be based on the single *maximum allowed amount* for the single procedure code rather than a separate *maximum allowed amount* for each billed procedure code.

Likewise, when multiple procedures are performed on the same day by the same *dentist* or another *dentist*, we may reduce the *maximum allowed amount* for those additional procedures, because reimbursement at 100% of the *maximum allowed amount* for those procedures would represent a duplicate payment for a dental procedure that may be considered incidental or inclusive.

Participating Dentists

A *participating dentist* is a *dentist* who has signed a written provider service agreement agreeing to service the program identified in this *policy*. For *covered services* performed by a *participating dentist*, the *maximum allowed amount* is based upon the lesser of the *dentist's* actual charges or the schedule of maximum allowable charges. Because *participating dentists* have agreed to accept the *maximum allowed amount* as payment in full for services, they should not send you a bill or collect for amounts above the agreed upon *maximum allowed amount*. However, you may receive a bill or be asked to pay a portion of the *maximum allowed amount* if you have exhausted your coverage for the service, have not met your *deductible*, have a *coinsurance* due, have received *non-covered services*, or have exceeded the dental *benefit maximum* as outlined in the Summary of Dental Benefits. Please call customer service (877) 604-2156 for help in finding a *participating dentist* or visit our website at www.anthem.com.

Non-Participating Dentists

Dentists who have NOT signed a written provider service agreement agreeing to service the program identified in this *policy* are considered *non-participating dentists*. For *covered services* you receive from a *non-participating dentist*, the *maximum allowed amount* will be the lesser of the *dentist's* actual charges or an amount based on our *non-participating dentist* fee schedule, referred to as the table of allowances, which we reserve the right to modify from time to time after considering one or more of the following: reimbursement amounts accepted by similar providers contracted with us, and other industry cost, reimbursement and utilization data. The table of allowances may be different from the *maximum allowed amount* reimbursed to *participating dentists*.

Unlike *participating dentists*, *non-participating dentists* may send you a bill and collect for the amount of the *dentist's* charge that exceeds the *maximum allowed amount*. You are responsible for paying the difference between the *maximum allowed amount* and the amount the *non-participating dentist* charges. This amount may be significant. Choosing a *participating dentist* will likely result in lower out of pocket costs to you. Please call customer service at (877) 604-2156 for help in finding a *participating dentist* or visit our website at www.anthem.com.

Customer service is also available to assist you in determining the *maximum allowed amount* for a particular service from a *non-participating dentist*. In order for us to assist you, you will need to obtain the specific procedure code(s) from your *dentist* for the services the *dentist* will render. You will also need to know the *dentist's* charges to calculate your out of pocket responsibility. Although customer service can assist you with this pre-service information, the *maximum allowed amount* for your claim will be based on the actual claim submitted.

Your Cost Share

For certain *covered services* and depending on your dental program, you may be required to pay a part of the *maximum allowed amount* (for example, *deductible* and/or *coinsurance*). Your *deductible*, *coinsurance* and out-of-pocket costs may vary depending on whether you received services from a participating or *non-participating dentist*. Specifically, you may pay higher out-of-pocket costs when using *non-participating dentists*. Please see the Summary of Dental Benefits in this *policy* for your cost share responsibilities and limitations, or call customer service to learn how this *policy's* benefits or cost share amounts may vary by the type of *dentist* you use.

Payment of Benefits

You authorize us to make payments directly to *participating dentists* for *covered services*. We also reserve the right to make payments directly to you. Payments may also be made to, and notice regarding the receipt and/or adjudication of claims, an alternate recipient, or that person's custodial parent or designated representative. Any payments made by us will discharge our obligation to pay for *covered services*.

Once a *provider* gives a *covered service*, we will not honor a request for us to withhold payment of the claims submitted.

THE MEMBER IS RESPONSIBLE FOR ALL TREATMENT CHARGES MADE BY A NON-PARTICIPATING DENTIST. WHEN SERVICES ARE OBTAINED FROM A NON-PARTICIPATING DENTIST, ANY BENEFITS PAYABLE UNDER THE POLICY ARE PAID DIRECTLY TO THE MEMBER.

Post Payment Review

We review dental claims once we receive them. We review claims to ensure the accuracy of payment and coverage. We have the right to recover any payments for dental care given solely for cosmetic purposes or not performed as billed. We review claims even if we provided a pretreatment estimate.

SUMMARY OF DENTAL BENEFITS

The Summary of Dental Benefits is a summary of the *deductibles*, waiting periods, *coverage percentages* and *benefit maximums* that apply when you receive *covered services* from a *dentist*. All *covered services* are subject to the conditions, exclusions, limitations, terms and provisions of this *policy*, including any attachments or riders.

There is a preset schedule of dental care services that are covered under this *policy*. We evaluate the procedures submitted to us on your claim to determine if they are a *covered service* under this *policy*.

EXCEPTION: Claims for orthodontic care will be reviewed to determine if it was *dentally necessary orthodontic care*. See the Orthodontic Treatment section for more information.

Your *dentist* may recommend or prescribe other dental care services that are not covered, are cosmetic in nature, or exceed the benefit frequencies of this *policy*. While these services may be necessary for your dental condition, they may not be covered by us. There may be an alternative dental care service available to you that is covered under your *policy*. These alternative services are called optional treatments. If an allowance for an optional treatment is available, you may apply this allowance to the initial dental care service prescribed by your *dentist*. You are responsible for any costs that exceed the allowance, in addition to any *coinsurance* you may have.

The decision as to what dental care treatment is best for you is solely between you and your *dentist*.

Pretreatment Estimates

A pretreatment estimate is a valuable tool for you and your *dentist*. It provides you and the *dentist* with an idea of what your out of pocket costs will be for the dental care treatment. This will allow the *dentist* and you to make any necessary financial arrangements before treatment begins. It is a good idea to get a pretreatment estimate for dental care that involves major restorative, periodontic, prosthodontic, endodontic, oral surgery or orthodontic care.

The pretreatment estimate is recommended, but it is not required for you to receive benefits for covered dental care services.

A pretreatment estimate does not authorize treatment or determine its medical necessity (except for orthodontics), and does not guarantee benefits. The estimate will be based on your current eligibility and the *policy* benefits in effect at the time the estimate is submitted to us. This is an estimate only. Our final payment will be based on the claim that is submitted at the time of the completed dental care service(s). Submission of other claims, changes in your eligibility or changes to the *policy* may affect our final payment.

You can ask your *dentist* to submit a pretreatment estimate for you, or you can send it to us yourself. Please include the procedure codes for the services to be performed (your *dentist* can tell you what procedure codes). Pretreatment estimate requests can be sent to the address on your dental *ID card*.

ORTHODONTIC CARE

Orthodontic care is the prevention and correction of malocclusion of teeth and associated dental and facial disharmonies. Talk to your orthodontist about getting a pretreatment estimate for your orthodontic treatment plan, so you have an idea upfront what the treatment and costs will be. You or your orthodontist should send it to us so we can help you understand how much is covered by your benefits.

Dentally Necessary Orthodontic Care - This plan will only cover orthodontic care that is dentally necessary - at least one of these criteria must be present:

- Spacing between adjacent teeth that interferes with your biting function
- Overbite that causes the lower front (anterior) teeth to impinge on the roof of your mouth when you bite
- The position of your jaw or teeth impairs your ability to bite or chew
- On an objective, professional orthodontic severity index, your condition scores consistent with needing orthodontic care

Orthodontic care may include the following types of treatment:

- Pre-Orthodontic Treatment Exams - Periodic visits with your *dentist* to establish when orthodontic treatment should begin.
- Periodic Orthodontic Treatment Visits.
- Limited Treatment - A treatment usually given for minor tooth movement and is not a full treatment case.
- Interceptive Treatment (also known as phase I treatment) - This is a limited treatment that is used to prevent or lessen the need for more involved treatment in the future.
- Comprehensive or Complete Treatment - A full kind of treatment that includes all radiographs, diagnostic casts and models, orthodontic appliances and office visits.
- Removable Appliance Therapy - Treatment that uses an appliance that is removable and not cemented or bonded to the teeth.
- Fixed Appliance Therapy - Treatment that uses an appliance that is cemented or bonded to the teeth.
- Complex Surgical Procedures - Surgical procedures given for orthodontic reasons, such as exposing impacted or unerupted teeth, or repositioning of the teeth.

How We Pay for Orthodontic Care – Because orthodontic treatment usually occurs over a long period of time, payments are made over the course of your treatment. In order us to continue to pay for your orthodontic care, you must have continuous coverage under this *policy*.

The first payment for orthodontic care is made when treatment begins. Treatment begins when the appliances are installed.

Your orthodontist should submit the necessary forms telling us when your appliance is installed. Payments are then made a six month intervals until the treatment is finished or coverage under this *policy* ends.

If your orthodontic treatment is already in progress (the appliance has been installed) when you begin coverage under this *policy*, the orthodontic treatment benefit under this coverage will be on a pro-rated basis. We will only cover the portion of orthodontic treatment that you are given while covered under this *policy*. We will not pay for any portion of your treatment that was given before your *effective date* under this *policy*.

What Orthodontic Care Does NOT Include – The following is not covered as part of your orthodontic treatment:

- Monthly treatment visits that are billed separately - these costs should already be included in the cost of treatment.
- Repair or replacement of lost, broken, or stolen appliances.
- Orthodontic retention or retainers that are billed separately - these costs should already be included in the cost of treatment.
- Retreatment and services given due to a relapse.
- Inpatient or outpatient hospital expenses, unless covered by the medical benefits of this *policy*.
